Forecast for Friday 09 Oct 2020

Weather: The band of rain, with some sleet on hill tops, and associated low cloud will clear eastwards through the early hours. Following this there will be frequent showers but some brighter spells in between. Chance of some sleet in showers above 900m. Showers easing into the evening.

Chance of cloud free mountain/hill tops above 800m: Low through much of the day, although there will be some brief interludes outside of showers. High through the evening.

Visibility: Moderate in showers, otherwise good at lower levels. Poor near summits in lingering low cloud.
